

WHAT GOES IN **STAYS IN**

RAZORBACK was designed to outsmart and out muscle the most persistent animal intruders.

No other brand offers this unique combination of features:

- Galvanized metal construction to resist rust
- Gas shocks in the lid for easier opening and closing and greater stability in the wind
- 30 minute assembly
- Textured paint resists scratching
- Modular design allows you to choose customizing options

Bins are also lockable, so they make tough, secure, storage containers for home or cottage. Perfect on the dock to store life jackets and water toys.
